7. CLIENT DECLARATION

I understand the financial plan/proposal prepared and presented to me.

7.1 I am satisfied that the personal content contained in the plan is accurate, and I accept that the advice contained in the financial plan/proposal is appropriate in the circumstances.

7.2 I accept the proposal in full ☐ or partially ☐

7.3 If I have deviated from the financial plan/proposal presented to me, or accepted the proposal in part, I understand the following implications and accept the associated risks:

7.4 I understand that there is a trade-off between investment risk and return and, should I require investment returns that are higher than interest earned from a bank deposit, the value of my investment portfolio may be subject to volatility (up and down movements) from time to time.

7.5 I also understand that investing is not an exact science and that investment risk/return guidelines are based on historic returns, and that past returns are no indication of future returns.

7.6 I understand that, when I invest, neither the investment capital nor investment returns are guaranteed, unless specifically stated in writing.

7.7 I acknowledge that, any capital withdrawals from this investment may have an adverse effect on the capital value of the investment as units may have to be sold and if I withdraw an amount higher than the investment return of the portfolio, it will reduce the capital value of the investment.

7.8 By selecting the appropriate portfolio(s) and by signing this agreement I agree that I:

7.8.1 understand the selected target return of the portfolio, the allocation to growth assets, the proposed minimum investment term (holding period) applicable to my investment and the associated risks (best/worst-case scenario) that may occur when trying to achieve my financial objectives.

7.8.2 accept the potential best/worst return guideline over the short term and over the recommended minimum holding period as highlighted in my Investment proposal, and the investment performance as disclosed on the Fund fact sheets of the recommended funds as the basis on which my portfolio decision was made.

7.8.3 I acknowledge that the adviser cannot be held accountable for any changes to legislation or unforeseen market conditions that may have a negative impact on any benefit accruing from the purchase or investment in any financial product.

7.8.4 After considering all of the above, I hereby agree to proceed with this investment and instruct my adviser to invest my capital in accordance with my needs and risk profile as recorded in my investment proposal
